

Great things to do at **OMCA.**

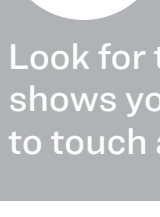

Find a comfy place to sit in the garden. How many birds can you see or hear?

Try to **COPY THE SOUNDS**

that you hear.

Pick an artwork that you like and use your body to try and **POSE LIKE IT.**  
(You can ask your friends to help.)

**TO TOUCH**

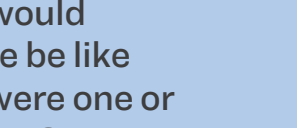

Look for the green hand that shows you which things are OK to touch at OMCA.

Locate the outdoor ponds on the Lower Level near the Gallery of California Natural Sciences.

Are there more koi fish (front pond) or more turtles (back pond) today?

Would you rather be

**A FISH OR A TURTLE?**

What would your life be like if you were one or the other?

Remove the center square to create a frame.

Use the frame to **FOCUS YOUR GAZE,**  
and see the world in brand new ways.

Find an artwork or diorama (a nature scene within a glass case) that shows one moment in time.

**WHAT DO YOU THINK HAPPENED**

before this moment?

What do you think will happen next?

How many times can you find

**THESE COLORS**

at OMCA today?

Find music playing and have a

**DANCE PARTY**

with your friends. Ask everyone to teach a dance move to the group.

Tip: Check out the Gallery of California History or ask an OMCA staff member to point you in the right direction.

The lawn is a good place to

**STRETCH & PLAY.**

Time how fast you can get from one side of the garden to the other.

What are some other ways that you can move around the garden?
