

*USE A
CAR WASH*

Soapy and chemical-filled water flowing into street drains is bad for animals in the watershed. A professional car wash properly disposes of this water.

KEEP IT CLEAN

Trash tossed on the street can enter storm drains and flow into our creeks and Bay. Hazardous wastes carelessly thrown out can also end up in these waters. Look up the safest ways to dispose of these items on StopWaste's **RE:Source guide**.

*FIGHT THE
CLIMATE CRISIS*

Climate change and environmental injustice threaten the health of ecosystems, near and far. Join local **Climate Justice Alliance** organizations to fight for a green economy that is just, equitable, and sustainable for all.

***VOLUNTEER
IN YOUR
WATERSHED***

The **East Bay Regional Park District** is home to streams, creeks, marshes, reservoirs, and more. Get involved and support your local watershed.

LEASH YOUR PET

Follow any on-leash rules in parks, trails, and along the shoreline. Pets can destroy sensitive plants, attack wild animals, and accidentally trample ground-nesting birds.
